

September 18, 1951.

Dr. David L. Nanney,  
Department of Zoology,  
University of Michigan,  
Ann Arbor, Mich.

Dear Dr. Nanney:

I have your letter of September 13th. I will be pleased to exchange publications with you.

Unfortunately, some of my earlier papers are no longer available. They are however included in a reprint-collection being published by the University of Wisconsin Press which we are using as a textbook for our course. I have asked the Press to send you their circular.

Yours sincerely,

Joshua Lederberg,  
Associate Professor of Genetics
